

ONCE UPON A TIME.....

HOLSTEBRO

**IMPROVING MANAGEMENT IN
CRITICAL SITUATIONS
VIA FULL SCALE
HEMODIALYSIS SPECIFIC
SIMULATION**

RESULTS

- Full scale simulation **after 1 month**
 - improved the feeling of confidence and capability in handling an acute situation
 - improved awareness on using the ABCDE-concept and communicative methods

RESULTS

- Full scale simulation **after 6 months**
 - a decrease in the overall findings from the previous questionnaire!

WHAT IS TO COME IN THE FUTURE???

- Annually full scale simulation sessions.

And That's Quite True 😊
