

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Saturday, September 21st, 2024

	OPENING CEREMONY
16:00-17:00	Plenary Session
17:00-17:15	Break
17:15-19:15	Opening Ceremony GS: Fokko Wieringa: "The Future of Technology-based Kidney Replacement Therapies"
19:15-21:45	Welcome & Exhibition Opening

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Sunday, September 22nd, 2024

Sunday, September 22nd, 2024						
	CES Fresenius	Transplantation	Workshop: <i>Child's time spend on hemodialysis should not be a wasted childhood</i> Moderator: Tadeja Kokej Jeršin	National Greek Renal Nurse Day Chair: Theodorou D. Gliki		
9:00-10:30	CES Fresenius Medical Care	ID 55	70+ and in need for renal transplant? What are the odds in Greece nowadays? (Xanthi Sarantzi, Greece)	I'm not giving up my childhood. (Ksenija Valentak)	9:00-10:15	Nephrology nurse and Chronic Kidney patients' empowerment. (Ioanna Lakatamitou)
		ID 56	Breaking Bad: Cleaving Donor specific antibodies. A treatment for highly sensitised patients. (Jane Van der Jeugd, Australia)			Evaluation of quality of life of end-stage patients in Peritoneal dialysis and Hemodialysis. (Zenoia Piperidou)
		ID 92	Is living donation in Greece an easy task? A transplant coordination's office experience. (Christina Ioanna Economou, Greece)			The use of ultrasound during the vascular access procedure. (Anna Christou)
		ID 123	Transplantation knowledge assessment: A bridge for tailored staff education. (Suzanne Pearce, Sweden)	Creating child-friendly environment in the Greek Pediatric Hemodialysis Unit (Despoina Koumpagioti)		Short-term research policy forum on home dialysis Therapies. (Sotirioula Gliki)
		ID 149	Clinical experience using the high dose immunoglobulin in the treatment of renal transplant recipients. (Dalibor Maksimovic, Bosnia and Herzegovina)			Interesting case of a patient with autologous arteriovenous anastomosis puncture peculiarities. (Nicoletta Fournari)
		ID 176	Experience of well-being and mental health among transplanted patient-a systematic literature review. (Maria Ohm, Sweden)			Diabetic foot - for every foot saved, a life saved. (Despo Theodorou)
		ID 57	Could Tegoprubart (AT-1501) be 'the new kid on the block', managing kidney Transplantation? (Jane Van der Jeugd, Australia)			The Art of Plasmaferesis. (Efstathia Protopapa)
				10:15-10:30	Networking coffee	
10:30-11:00	Networking coffee	Networking coffee	Networking coffee	10:30 - 11:45	Incidence of Chronic Kidney Disease in Greek population. (Theodore Vassilikopoulos)	
	VIFOR	Ethical, Psychological and Social Impact of CKD	Workshop: <i>Train the Trainer for PD nurses</i> Moderator: Sotirioula Gliki & Maria Arminda Tavares		Investigation of emotional intelligence and management of stress in patients undergoing hemodialysis. (Orchan Impis)	
11:00-12:30	Prof. Pantelis Sarafidis (Thessaloniki, Greece) Ass. Prof. Jeanette Funderup (Aarhus, Denmark)	GS speaker: Prof Edgar Eckman				Body image, emotional intelligence and quality of life in peritoneal dialysis patients. (Eleni Marki)
		ID 82	Evaluating social determinants of health: A call to action to improve kidney health equity. (Ann Bonner, Australia)		Continuous vevo-venous hemofiltration on patients with acute kidney injury after cardiac surgery. (George Filippousis)	
		ID 122	Measuring Health Literacy across a large multinational renal company. (Suzanne Pearce, Sweden)		Investigation of social constraints and psychosocial adjustment between peritoneal and hemodialysis patients. (Zorba E.)	
		ID 136	Patients with autosomal dominant polycystic kidney disease: their support needs in everyday life. (Katrine Schmidt Rasmussen, Denmark)		Assessment of sleep quality and optimism between peritoneal and hemodialysis patients. (Zorba E)	
		ID 184	Examination of Illness Perception, Hope And Patient Empowerment in Patients Undergoing Hemodialysis. (Zülfünaz Özer, Turkey)		Covid-19: Vaccination data 2021-2023. (Georgios Provataris)	
		ID 197	Experience of financial toxicity in patients with kidney failure: a descriptive qualitative study. (Marques Shek Nam Ng, Hongkong)		A comparative study of healthcare -associated infections in hemodialysis's central venous catheters (CVC) before and after COVID 19. (Xhaja Albion)	
				11:45-12:15	Coffee Break	
				12:15 - 13:30	Failure Modes and Effects Analysis in Hemodialysis. (Despina Kontouli)	
					Nurse's Role in Tunneled Cuffed Catheters Management. (M. Kalomiri)	

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Sunday, September 22nd, 2024						
		CES Fresenius	Transplantation	Workshop: <i>Child's time spend on hemodialysis should not be a wasted childhood</i> Moderator: Tadeja Kokej Jeršin	National Greek Renal Nurse Day Chair: Theodorou D. Glikí	
12:30-14:00	Lunch Break		Lunch Break	Lunch Break	12:15 – 13:30	Quality of life in children undergoing renal replacement therapies. (Despoina Koumpagioti) The mental disorder of dementia in relation to dialysis. (Sivetidou Antigoni) Association between empathy and anxiety in renal nurses. (Leloudenia Tsiouropli) Psychological effects of the covid-19 pandemic on hemodialysis patients. (Dimitris Triantafyllopoulos) 2020-2023: Evaluation of covid-19. (Georgios Provataris) Dialysis session: Performance evaluation model. (Georgios Provataris)
					13:30-14:30	Lunch break
		HD 1	European Kindey Health Alliance (EKHA)	Workshop: US and Vascular Access Workshop	National Greek Renal Nurse Day	
14:00-15:30	ID 25	Developing a family intervention targeting loss and grief for adults receiving haemodialysis. (Hanne Agerskov, Denmark)			14:30 – 15:45	Guest Speaker: Nutritional management in pediatric chronic kidney disease. (Konstantina Loizou)
	ID 29	Pregnancy and Dialysis Women patients: a courageous step. (Panagiota Tsikalá, Austria)				Goal setting & Risk management in dialysis centers. (Georgios Provataris)
	ID 31	Home haemodialysis: successful journey to kidney transplantation. (Marcela Švandrlíková, Czech Republic)				Study of the effect of the of infections in hemodialysis patients with permanent CVC taking into account the economic cost. (Aristeidis Paraskevopoulos)
	ID 43	Renal replacement therapy in a girl with chronic kidney disease and congenital heart defect. (Barbara Madzar, Croatia)				Correlation of nutritional-status with kt/v dialysis adequacy and hemodialysis method in hemodialysis population. (Kyriaki Stamatelou)
	ID 64	Patient-Centered Comprehensive Care score on Haemodialysis Patients. (Telmo Carvalho, Portugal)				Evaluation/ assessment of the psychosocial adjustment to illness of undergoing hemodialysis patients and their family caregivers". (Skoulatou Maria)
	ID 71	Aortic valve replacement in haemodialysis patients. (Georgia Theofanous, Cyprus)				Nutritional Intervention: Effect of Reduced Dietary Glycotoxins (AGEs) on the Clinical Profile of End-Stage Chronic Kidney Disease Patients on Hemodialysis. (Aroni Adamantia)
	ID 81	Family Training to Support Self-Management of the Person in Hemodialysis Program: Integrative Literature Review. (Ismael Costa, Portugal)				Dialysis session: Performance evaluation model. (Georgios Provataris)
	ID 84	Unraveling Kt/V utilization and attainment rates in Libya pediatric hemodialysis units. (Narjis Aldagadghi, Libya)				

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Sunday, September 22nd, 2024

Sunday, September 22nd, 2024							
	CES Fresenius		Transplantation		Workshop: <i>Child's time spend on hemodialysis should not be a wasted childhood</i> Moderator: Tadeja Kokej Jeršin	National Greek Renal Nurse Day Chair: Theodorou D. Gliki	
15:30-16:00	Networking coffee		Networking coffee		Networking coffee	15:45-16:15 Coffee Break	
	CKD prevention & Symptoms Management 1		Vascular Access 1		Education		
16:00-17:30	ID 23	Advance care planning for patients with chronic kidney disease and their families. (Christina Frandsen, Denmark)	ID 13	An insight into the real-world practice of vascular access care pathway in Italy. (Michela Maria Barbagallo, Italy)	ID 77	The impact of self-efficacy on the safety behaviours of haemodialysis nurses. (Mário Mateus, Portugal)	A prospective study to investigate the factors that may be associated with the Health-Related Quality of Life in a Greek cohort of kidney transplant recipients. (Vasileios Koutlas)
	ID 48	Method Development for Body Fat Percentage Monitoring in Pre-Dialysis CKD Patients. (Jose. M Alcaide-Leyva, Spain)	ID 19	International perspectives on barriers and facilitators to ultrasound use for haemodialysis vascular access. (Monica Schoch, Australia)	ID 111	Factors affecting the implementation of nursing roles in kidney disease care in Cyprus. (Evangelos Latzourakis, Cyprus)	Sexual function in women with chronic kidney disease. (Oustampasidou Niki)
	ID 5	Validation of the Greek version of 5-D Itch Scale in patients on haemodialysis. (Anastasia Liossatou, Greece)	ID 47	Strengthening nursing leadership in vascular access for dialysis nurses. (Ingrid Oosting, Denmark)	ID 160	Aligning Nephrology workforce and models of care to meet demand and emerging funding models. (Maria Safe, Australia)	Cognitive decline in patients undergoing hemodialysis. (Rea Karteri)
	ID 33	Symptoms in patients with chronic kidney disease stages 4-5: a qualitative, exploratory study. (Karen Pugh-Clarke, United Kingdom)	ID 49	"Nursing practice to implement the buttonhole technique and its results: A scoping review". (Ricardo Duarte, Portugal)	ID 167	"Continue to hear"- The important aspects of Aminoglycoside therapy. (Victoria Sura Zaslavski, Israel)	The effect of dapagliflozin on patients in haemodialysis. (Danai Shoina)
	ID 41	Investigation of the effect of reiki on pain, fatigue, and itching in hemodialysis patients. (Esra Başer Akin, Turkey)	ID 51	Strategies for controlling pain associated with arteriovenous access cannulation: Literature review. (Carla Dias, Portugal)	ID 188	Charting Excellence, assessing nursing documentation quality. (Ana Ribeiro, Germany)	The impact of stress management on adherence to treatment and life satisfaction in hemodialysis patients. (Orchan Impis)
	ID 42	Effect of Virtual Museum Visit on Dialysis Symptoms and Anxiety in Hemodialysis Patients. (Mukadder Mollaoğlu, Turkey)	ID 53	Why do haemodialysis patients refuse to have fistula? (Anetta Cekala, Poland)	ID 196	Nurse-led patient experience enhancement across dialysis clinics: a strategic evaluation. (Adrian Gomez, Spain)	Peritoneal dialysis after congenital heart surgery in PICU. (Maria Tsami)
	ID 102	Dermatologic health assessment in end-stage renal disease patients undergoing dialysis. (Márcia Vandewalle, Portugal)	ID 63	A randomised control trial of MuST for vascular access cannulation in hemodialysis patients. (João Fazendeiro Matos, Portugal)	ID 208	Kidney Information Networks (KINs) – expanding online peer to peer micro-communities throughout the UK. (Paula Ormandy, United Kingdom)	The effectiveness of ultrasound as a tool in the hands of Renal Nurse. (Lioka Alexandra)
	ID 121	Reviewing Fatigue characterization in Chronic Haemodialysis patients: developing a care pathway. (Suzanne Pearce, Spain)			ID 214	Aligning governance and quality to ensure operational excellence. (Gemma Dewsnap, United Kingdom)	Nursing interventions to improve the outcome of hemodialysis. (Kreouzi Myrto)

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Monday, September 23rd, 2024						
	KDIGO	Experience of people with Kidney Disease		Workshop: Diabetic foot Moderator: Chrysanti Avrami		E-poster session
9:00-10:30		ID 6	Implementation of a Quality-of-Care system: Patient satisfaction of a Dialysis Unit. (Sandra Rubio Paez, Spain)			ID 3 Minimizing invasion of the cardboard boxes in the patients home. (Emer Kenny, Ireland)
		ID 50	Knowledge, adherence to hemodialysis regimen, and pain self-efficacy among patients on hemodialysis. (Viktoria Alikari, Greece)			ID 21 International maPPing exercise of Arts interventions in reNal units: the PAINT project. (Trisha Forbes, Northern Ireland)
		ID 104	Noise levels in the dialysis unit and its relationship with sleep quality and anxiety. (Elif Ok, Turkey)			ID 32 Survey results on the implementation and usability of Therapy Data Management System in dialysis (Andreja Furlan-Jarec, Slovenia)
		ID 129	Feasibility and acceptability testing the DESIRE intervention: A pilot multicentre randomised controlled trial. (Louise Engelbrecht Buur, Denmark)			ID 34 Relationship between empathy and anxiety in renal nurses. (Leloudenia Tsoouropli, Greece)
		ID 171	Art therapy to improve patients' experience during hemodialysis treatment. (Faten Hamoud, Israel)			ID 35 Relationship between spirituality and caring behaviors among renal nurses (Leloudenia Tsoouropli, Greece)
		ID 181	Life in Hemodialysis: Exploring Patients' Experiences with the Initial Arteriovenous Fistula Cannulation. (Ana Marçalo, Portugal)			ID 54 A working partnership. A combined chronic kidney disease and renal supportive care clinic. (Margaret Golding, Australia)
		ID 182	Illness perception among people diagnosed with chronic kidney disease in primary health care. (Afra Masia-Plana, Spain)			ID 59 Surveillance of catheter-related bacteremia in hemodialysis patients. (Trine Marott, Denmark)
						ID 60 Dialysis disequilibrium syndrome - case report. (Hrvojka Ljevic, Croatia)
10:30-11:00	Networking coffee	Networking coffee		Networking coffee		Networking coffee
11:00-12:30	DOPPS	CKD prevention & Symptoms Management 2		NIPRO workshop		E-poster session
		ID 83	Kidney supportive care is also for working aged adults with chronic kidney disease. (Ann Bonner, Australia)			ID 62 Through well-educated staff to the best quality of patient care. (Bijana Josifova, North Macedonia)
		ID 110	Exploring cardiometabolic drugs and kidney function: insights from a drug-target mendelian randomization study. (Aristomo Andries, Norway)			ID 67 Promoting mental well-being among hemodialysis patients in crisis situations. (Ahlam Matanis, Israel)
		ID 132	Impact of Continuous Nursing Surveillance on Diabetic Patients in a Hemodialysis population. (João Ferreira, Portugal)			ID 73 Patients' Perception of Care—important feedback to ensure continuous improvement. (Svetlana Cvetkova, North Macedonia)
		ID 139	The COMFORT Nursing Programme. (Jeanette Finderup, Denmark)			ID 106 The prevalence of depression in dialysis nurses. (Gabriela Stanoevska, North Macedonia)
		ID 150	Chronic kidney disease associated pruritus among hemodialysis patients in Switzerland. (Aistė Račaitė, Lithuania)			ID 107 Effectiveness of educating patients about handling bleed from arterio-venous fistula. (Zainab Moukalled, Lebanon)
		ID 165	Trajectory patterns and factors predicting fatigue in Individuals receiving hemodialysis treatment. (Bincy Joshwa, USA)			ID 109 New paradigms in nephrology nursing. (Andrea Pinto, Portugal)
		ID 183	CENSUS-EU: prevalence and burden of chronic kidney disease-associated pruritus in Europe. (Despina Ruessmann, Switzerland)			ID 113 Nursing interventions to improve the outcome of hemodialysis. (Myrto Kreouzi, Greece)
		ID 195	You can't judge a book by its cover: let's look for fatigue. (Maria Paz Sorribes, Spain)			ID 114 Chronic peritoneal dialysis in children. (Hayfaa Krishban, Libya)
12:30-14:00	Lunch Break	Lunch Break		Lunch Break		Lunch Break
	Diaverum Lunch Symposium 12:45 - 13:45	EDTNA/ERCA Accreditation of Renal Education Programs - come learn more! Chairs: John Sedgwick 12:45-13:45				

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Monday, September 23rd, 2024

Monday, September 23rd, 2024								
Pros & Cons Session		Peritoneal Dialysis		Vascular Access 2		E-poster session		
14:00-15:30	GS: Dr. Konstantinos Petsios & Dr. J. Tsolakoglou Pros & Cons of AI implementation in kidney care	ID 45	How do peritoneal dialysis patients experience quality of life, care and shared decision making. (Sanne Borremans, Denmark)	GS:		ID 116	Infection & Mortality in five private clinics Albania. (Andriela Zeka, Albania)	
		ID 127	What is quality in peritoneal dialysis nursing? Co-developing peritoneal dialysis nursing sensitive indicators. (Jessica Baillie, United Kingdom)	ID 72	Risks, impact and prevention of venous needle dislodgement: a scoping review. (Patricia Carvalho, Portugal)	ID 118	A Nursing Out-patient Dialysis Department for Ultrasound of pre-hemodialysis patients with AV-fistula. (Trine Marott, Denmark)	
		ID 157	Promoting physical activity in peritoneal dialysis: understanding provisions and best practice from around Europe. (Paul N Bennett, Denmark)	ID 76	Aneurysm regression using the MuST technique – case study. (Rafaela Rocha, Portugal)	ID 135	Enhancing patient well-being in dialysis by integrating Artificial Intelligence to address anxiety and depression. (Niké Frakes, Hungary)	
		ID 194	The relation of patient-reported burden of home Peritoneal Dialysis treatment. (Sotiroula Gliki, Cyprus)	ID 86	Blood flow in the vascular access and mortality in hemodialysis patients. (Ana Koroša, Slovenia)	ID 147	Facing aggressive behavior in the dialysis unit. (Kitty Dér, Hungary)	
		ID 210	Practice patterns in bowel program prior to PD catheter insertion in the Netherlands/Belgium (Tristan Mutseers, Denmark/Belgium)	ID 97	Operationalization a Decision-Making Model for Assessing Arteriovenous Fistula Maturation and choice of Cannulation Technique. (João Ferreira, Portugal)	ID 152	Intravenous antibiotics home treatment administered by the home care nurses. (Gitte Marie Erdmann, Denmark)	
				ID 161	Endovascular arteriovenous fistula for haemodialysis access in clinical practice. (Veronika Hlaváčková, Czech Republic)	ID 163	Role of the nurse in the care of children with hemolytic uremic syndrome. (Senka Besedic, Croatia)	
						ID 204	Case study: recurrent fever of unknown origin in a hemodialysis patient. (Andrei Brailovski, Israel)	
						ID 205	Call me by my name. (Panagiota Tsikala, Austria)	
15:30-16:00		Networking coffee		Networking coffee		Networking coffee		
HD 2		New technologies & Nutrition		Vascular Access 3		E-poster		
16:00-17:30	ID 108	The Effect of Vibration on Oxidative and Antioxidant Enzymes in Hemodialysis Patients with RLS. (Güluy Turgay, Turkey)	ID 8	Problematic smartphone use among nephrology nurses. (Andrei Brailovski, Israel)	ID 180	Needle phobia and pain during cannulation of arteriovenous fistula in haemodialysis patients. (Zuzana Mončeková, Slovak Republic)	ID 185	Assessment of protein-energy malnutrition in patients undergoing chronic hemodialysis therapy. (Marina Miletic, Croatia)
	ID 120	Fluid Management and Patient Education in Dialysis Patients: Enhancing Outcomes and Empowerment. (Elisabeth Kristiansen, Norway)	ID 39	Hemodialysis Machines Alarm Sounds: Nursing Personnel Perception and Expertise (Marcos Varela Abellón, Spain)	ID 186	Enhancing vascular access monitoring in dialysis: a nursing perspective on AI-assisted risk stratification. (Maria Teresa Quijada, Spain)	ID 191	AKI after cardiothoracic surgery. The role of cardio renal specialist nurse in CICU. (Chrysoula-Anthoula Panagiotou, Greece)
	ID 130	Shared decision making and dialysis choice: An observational longitudinal cohort study. (Jeanette FINDERUP, Denmark)	ID 40	The impact of artificial intelligence in dialysis nursing: a revolution in patient care. (Alessandro Pizzo, Italy)	ID 187	Targeted ultrasound training: transforming vascular access in dialysis care. (Maria Teresa Ruiz, Spain)	ID 206	Knowledge regarding transplantation among healthcare professionals. (Anna Kliš, Poland)
	ID 153	Home Dialysis Research Policy Forum (workshop) (English Session). (Sotiroula Gliki, Cyprus)	ID 17	Nutritional screening on a renal ward- the levels of completion and accuracy. (Deepa Kariyawasam, United Kingdom)	ID 192	Improving outcomes by developing cannulation pathway amongst patients dialysing through the percutaneous AVF (pAVF). (Ryan Villanueva, United Kingdom)	ID 212	Shared decision-making in the appropriate initiation of and withdrawal from dialysis. Clinical practice guideline. (Elisabeth Kristiansen, Norway)
	ID 175	Are hemodialysis patients treated in community centers in a French region autonomous? (Sonia Guilloët, France)	ID 124	Dialysis adequacy and its relation to the nutritional status of hemodialysis patients (Evgenia Ntagka, Greece)	ID 207	Fistula or patient first (Panagiota Tsikala, Austria)	ID 170	Study concerning the assessment of Dry Body Weight with the bioimpedance method. (Panagiota Giannakidou, Greece)
	ID 177	Bioimpedance versus standard clinical assessment for fluid overload management in haemodialysis- A systematic review. (Sandhya Anilkumar, Ireland)	ID 158	Mediterranean diet in patients with advanced chronic kidney disease: ERCANUT randomized clinical trial (Marina Padial, Spain)			ID 173	Should we perform post-haemodialysis blood glucose levels? (Paul Bennett, Australia)
	ID 179	New technology in home haemodialysis: perspectives of patients on benefits and barriers in education. (Anna Tyrliková, Czech Republic)	ID 174	Nutrition support in home dialysis in France: intermediate results of the DESCALE survey. (Sonia Guilloët, France)			ID 103	Assessment of psychosocial adjustment to illness of patients undergoing hemodialysis and their family caregivers (Vasiliki Zoi, Greece)
	ID 193	Patient-reported outcome measures (PROMs) implementation in Hemodialysis Patients. (João Barros, Portugal)					ID 44	Network to ensure quality. (Julie Sanderhoff, Denmark)

SCIENTIFIC PROGRAMME
EDTNA/ERCA 52nd INTERNATIONAL CONFERENCE

Tuesday, September 24th, 2024

		<i>Healthcare professionals' experience</i>
		GS: Dr. Jose Luis Cobo Sanchez
9:00-10:15	ID 18	Experience reflection of nephrology nurses with training on communicating sexual issues with dialysis patients. (Michaela Černá, Czech Republic)
	ID 20	Patient Violence and Aggression: Can "Low Arousal" reduce the prevalence and increase job satisfaction? (Nina Schjerning, Denmark)
	ID 159	What makes tutoring of on-boarding dialysis nurses more successful (personal experience) (Judit Koltai-Borbély, Hungary)
	ID 213	Adaptability and agility – ensuring continuity of care during the healthcare workforce crisis. (Viraj Chengadu, United Kingdom)
10:15 -10:45	Networking coffee	
		<i>Risk Management & Quality Improvement</i>
10:45-12:15	ID 1	Immune responses of patients on CHD after infection by SARS-CoV-2: a prospective cohort study. (Vasiliki Zoi, Greece)
	ID 24	The development of a pamphlet that informs patients about cognitive challenges. (Katrine Larvard Fuchs, Denmark)
	ID 26	Healthcare-associated infections related to dialysis treatment. (Petra Krejzová, Czech Republic)
	ID 27	Approach to fall prevention among dialysis patients. (Kamila Fedorová, Czech Republic)
	ID 37	Falls prevention goes beyond the dialysis clinic. (Lisa Webb, Australia)
	ID 52	Implement electronic health record (EHR) at Scarborough Heath Network regional hemodialysis program. (Erica Kang, Canada)
	ID 98	Effect of Guided Self-Determination on Treatment Adherence, Self-Efficacy, Quality of Life: Patients on Haemodialysis. (Fusun Uzgör, Turkey)
12:15-13:00	<i>Closing Ceremony</i>
