

**SCIENTIFIC PROGRAMME**  
52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

Saturday, September 21st, 2024

	<i>OPENING CEREMONY</i>
16:00-17:00	Plenary Session
17:00-17:15	Break
17:15-19:15	Opening Ceremony GS: Fokko Wieringa: "The Future of Technology-based Kidney Replacement Therapies"
19:15-21:45	Welcome & Exhibition Opening

## SCIENTIFIC PROGRAMME

### 52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

Sunday, September 22nd, 2024									
	CES Fresenius	Transplantation	Workshop: A child's time spent on dialysis should not be a wasted childhood <i>Moderator: Tadeja Kokej Jeršin</i>	Workshop: US and Vascular Access Workshop 1 <i>Moderator: Ruben Iglesias</i>	National Greek Renal Nurse Day <i>Chair: Theodorou D. Glik</i>				
9:00-10:30	CES Fresenius Medical Care	ID 55	70s and in need for renal transplant? What are the odds in Greece nowadays? (Xanthi Sarantis, Greece)	I'm not giving up my childhood. (Ksenija Valentak)		9:00-10:15	Nephrology nurse and Chronic Kidney patients' empowerment. (Ioanna Lakatamifou)		
		ID 56	Breaking Bad: Cleaving Donor specific antibodies. A treatment for highly sensitised patients. (Jane Van der Jeugd, Australia)				Evaluation of quality of life of end-stage patients in Peritoneal dialysis and Hemodialysis. (Zenoia Piperidou)		
		ID 92	Is living donation in Greece an easy task? A transplant coordination's office experience. (Christina Ioanna Economou, Greece)				The use of ultrasound during the vascular access procedure. (Anna Christou)		
		ID 123	Transplantation knowledge assessment: A bridge for tailored staff education. (Suzanne Pearce, Sweden)				Short-term research policy forum on home dialysis Therapies. (Sotiroula Glik)		
		ID 149	Clinical experience using the high dose immunoglobulin in the treatment of renal transplant recipients. (Aiste Račaitė, Lithuania)	Creating child-friendly environment in the Greek Pediatric Hemodialysis Unit (Despoina Koumpagioti)			Interesting case of a patient with autologous arteriovenous anastomosis puncture peculiarities. (Nicoletta Fournari)		
		ID 176	Experience of well-being and mental health among transplanted patient-a systematic literature review. (Maria Ohm, Sweden)				Diabetic foot - for every foot saved, a life saved. (Despo Theodorou)		
		ID 57	Could Tegoprotubart (AT-1501 ) be 'the new kid on the block', managing kidney Transplantation? (Jane Van der Jeugd, Australia)				The Art of Plasmaferesis. (Efstathia Protopapa)		
					10:15-10:30	Networking coffee			
10:30-11:00	Networking coffee	Networking coffee	Networking coffee	Networking coffee		Incidence of Chronic Kidney Disease in Greek population. (Theodore Vassilikopoulos)			
	VIFOR	Ethical, Psychological and Social Impact of CKD	Workshop: Train the Trainer for PD nurses <i>Moderator: Sotiroula Glik &amp; Maria Arminda Tavares</i>	E-poster session		Investigation of emotional intelligence and management of stress in patients undergoing hemodialysis. (Orchan Impis)			
11:00-12:30	Prof. Pantelis Sarafidis (Thessaloniki, Greece) Ass. Prof. Jeanette Finderup (Aarhus, Denmark)	GS speaker: Prof Edgar Eckman		ID 91	Effect of social constraints on optimism between patients on hemodialysis and peritoneal dialysis. (Erini Zorba, Greece)	10:30 – 11:45	Body image, emotional intelligence and quality of life in peritoneal dialysis patients. (Eleni Marki)		
		ID 201	The Impact of Hand Massage on Fatigue and Recovery Time After Dialysis in Hemodialysis Patients. (Eylem Topbas, Turkey)	Continuous vevo-venous hemofiltration on patients with acute kidney injury after cardiac surgery. (George Filippousis)					
		ID 44	Network to ensure quality. (Julie Sanderhoff, Denmark)	Investigation of social constraints and psychosocial adjustment between peritoneal and hemodialysis patients. (Zorba E.)					
		ID 22	What are the characteristics of the potential living kidney donor at Righshospitalet, Denmark? (Gitte Madsen, Denmark)	Assessment of sleep quality and optimism between peritoneal and hemodialysis patients. (Zorba E)					
		ID 189	Microbial Contamination in Dialysis Facility Environments. (Zahra Salah, Libya)	Covid-19: Vaccination data 2021-2023. (Georgios Provataris)					
					11:45-12:15		Coffee Break		
								12:15 – 13:30	Failure Modes and Effects Analysis in Hemodialysis. (Despina Kontouli)
								12:15 – 13:30	Nurse's Role in Tunneled Cuffed Catheters Management. (M. Kalomin)
12:30-14:00	Lunch Break	Lunch Break	Lunch Break	Lunch Break	Lunch Break	12:15 – 13:30	Quality of life in children undergoing renal replacement therapies. (Despoina Koumpagioti)		
							The mental disorder of dementia in relation to dialysis. (Svetidou Antigoni)		
							Association between empathy and anxiety in renal nurses. (Leloudenia Tsauropli)		
							Psychological effects of the covid-19 pandemic on hemodialysis patients. (Dimitris Triantafyllopoulos)		
							2020-2023: Evaluation of covid-19. (Georgios Provataris)		
							Dialysis session: Performance evaluation model. (Georgios Provataris)		
					13:30-14:30	Lunch break			

## SCIENTIFIC PROGRAMME

### 52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

Sunday, September 22nd, 2024

Sunday, September 22nd, 2024										
HD 1		European Kindey Health Alliance (EKHA)		Workshop: US and Vascular Access Workshop 2 <i>Moderator: Ruben Iglesias</i>		National Greek Renal Nurse Day				
14:00-15:30	ID 25	Developing a family intervention targeting loss and grief for adults receiving haemodialysis. (Hanne Agerskov, Denmark)						14:30 – 15:45	Guest Speaker: Nutritional management in pediatric chronic kidney disease. (Konstantina Loizou)	
	ID 29	Pregnancy and Dialysis Women patients: a courageous step. (Panagiota Tsikala, Austria)							Goal setting & Risk management in dialysis centers.(Georgios Provataris)	
	ID 31	Home haemodialysis: successful journey to kidney transplantation. (Marcela Svandriková, Czech Republic)							Study of the effect of the of infections in hemodialysis patients with permanent CVC taking into account the economic cost. (Aristeidis Paraskevopoulos)	
	ID 43	Renal replacement therapy in a girl with chronic kidney disease and congenital heart defect. (Barbara Madzar, Croatia)							Correlation of nutritional-status with kt/v dialysis adequacy and hemodialysis method in hemodialysis population. (Kyriaki Stamatelou)	
	ID 64	Patient-Centered Comprehensive Care score on Haemodialysis Patients. (Telmo Carvalho, Portugal)							Evaluation/ assessment of the psychosocial adjustment to illness of undergoing hemodialysis patients and their family caregivers". (Skoulatou Maria)	
	ID 71	Aortic valve replacement in haemodialysis patients. (Georgia Theofanous, Cyprus)							Nutritional intervention: Effect of Reduced Dietary Glycotoxins (AGEs) on the Clinical Profile of End-Stage Chronic Kidney Disease Patients on Hemodialysis. (Aroni Adamantia)	
	ID 81	Family Training to Support Self-Management of the Person in Hemodialysis Program: Integrative Literature Review. (Ismael Costa, Portugal)							Dialysis session: Performance evaluation model. (Georgios Provataris)	
	ID 84	Unraveling Kt/V utilization and attainment rates in Libya pediatric hemodialysis units. (Narjis Aldagdoughi, Libya)								
15:30-16:00	Networking coffee		Networking coffee		Networking coffee		Networking coffee		15:45-16:15	Coffee Break
CKD prevention & Symptoms Management 1		Vascular Access 1		Education						
16:00-17:30	ID 23	Advance care planning for patients with chronic kidney disease and their families. (Christina Frandsen, Denmark)	ID 13	An insight into the real-world practice of vascular access care pathway in Italy. (Michela Maria Barbagallo, Italy)	ID 77	The impact of self-efficacy on the safety behaviours of haemodialysis nurses. (Mário Mateus, Portugal)			16:15 – 17:15	A prospective study to investigate the factors that may be associated with the Health-Related Quality of Life in a Greek cohort of kidney transplant recipients. (Vasileios Koutlas)
	ID 48	Method Development for Body Fat Percentage Monitoring in Pre-Dialysis CKD Patients. (Jose. M Alcaide-Leyva, Spain)	ID 19	International perspectives on barriers and facilitators to ultrasound use for haemodialysis vascular access. (Monica Schoch, Australia)	ID 111	Factors affecting the implementation of nursing roles in kidney disease care in Cyprus. (Evangelos Latzourakis, Cyprus)				Sexual function in women with chronic kidney disease. (Oustampasidou Niki)
	ID 5	Validation of the Greek version of 5-D Itch Scale in patients on haemodialysis. (Anastasia Lioussatou, Greece)	ID 47	Strengthening nursing leadership in vascular access for dialysis nurses. (Ingrid Oosting, Denmark)	ID 160	Aligning Nephrology workforce and models of care to meet demand and emerging funding models. (Maria Safe, Australia)				Cognitive decline in patients undergoing hemodialysis. (Rea Karteri)
	ID 33	Symptoms in patients with chronic kidney disease stages 4-5: a qualitative, exploratory study. (Karen Pugh-Clarke, United Kingdom)	ID 49	"Nursing practice to implement the buttonhole technique and its results: A scoping review". (Ricardo Duarte, Portugal)	ID 167	"Continue to hear"- The important aspects of Aminoglycoside therapy. (Victoria Sura Zaslavski, Israel)				The effect of dapagliflozin on patients in haemodialysis. (Danai Shoina)
	ID 41	Investigation of the effect of reiki on pain, fatigue, and itching in hemodialysis patients. (Ezra Bayer Akin, Turkey)	ID 51	Strategies for controlling pain associated with arteriovenous access cannulation: Literature review. (Carla Dias, Portugal)	ID 188	Charting Excellence, assessing nursing documentation quality. (Ana Ribeiro, Germany)				The impact of stress management on adherence to treatment and life satisfaction in hemodialysis patients. (Orchan Impis)
	ID 42	Effect of Virtual Museum Visit on Dialysis Symptoms and Anxiety in Hemodialysis Patients. (Mukadder Mollaoglu, Turkey)	ID 53	Why do haemodialysis patients refuse to have fistula? (Anetta Cekala, Poland)	ID 196	Nurse-led patient experience enhancement across dialysis clinics: a strategic evaluation. (Adrian Gomez, Spain)				Peritoneal dialysis after congenital heart surgery in PICU. (Maria Tsami)
	ID 102	Dermatologic health assessment in end-stage renal disease patients undergoing dialysis. (Márcia Vandewalle, Portugal)	ID 63	A randomised control trial of MuST for vascular access cannulation in hemodialysis patients. (João Fazendeiro Matos, Portugal)	ID 208	Kidney Information Networks (KINs) – expanding online peer to peer micro-communities throughout the UK. (Paula Ormandy, United Kingdom)				The effectiveness of ultrasound as a tool in the hands of Renal Nurse. (Lioka Alexandra)
	ID 121	Reviewing Fatigue characterization in Chronic Haemodialysis patients: developing a care pathway. (Suzanne Pearce, Spain)			ID 214	Aligning governance and quality to ensure operational excellence. (Gemma Dewsnap, United Kingdom)				Nursing interventions to improve the outcome of hemodialysis. (Kreouzi Myrto)

## SCIENTIFIC PROGRAMME

### 52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

Monday, September 23rd, 2024									
	CES DIAVERUM	Experience of people with Kidney Disease	Workshop: Diabetic foot <i>Moderator: Chrysanti Avrami</i>		E-poster session				
9:00-10:30		ID 6	Implementation of a Quality-of-Care system: Patient satisfaction of a Dialysis Unit. (Sandra Rubio Paez, Spain)			ID 3	Minimizing invasion of the cardboard boxes in the patients home. (Emer Kenny, Ireland)		
		ID 50	Knowledge, adherence to hemodialysis regimen, and pain self-efficacy among patients on hemodialysis. (Viktoria Alikari, Greece)			ID 32	Survey results on the implementation and usability of Therapy Data Management System in dialysis (Andreja Furlan-Jarec, Slovenia)		
		ID 104	Noise levels in the dialysis unit and its relationship with sleep quality and anxiety. (Elif Ok, Turkey)			ID 34	Relationship between empathy and anxiety in renal nurses. (Leloudenia Tsouroupli, Greece)		
		ID 129	Feasibility and acceptability testing the DESIRE intervention: A pilot multicentre randomised controlled trial. (Jeanette Funderup, Denmark)			ID 35	Relationship between spirituality and caring behaviors among renal nurses (Leloudenia Tsouroupli, Greece)		
		ID 171	Art therapy to improve patients' experience during hemodialysis treatment. (Faten Hamoud, Israel)			ID 54	A working partnership. A combined chronic kidney disease and renal supportive care clinic. (Margaret Golding, Australia)		
		ID 181	Life in Hemodialysis: Exploring Patients' Experiences with the Initial Arteriovenous Fistula Cannulation. (Ana Marçalo, Portugal)			ID 59	Surveillance of catheter-related bacteremia in hemodialysis patients. (Trine Marott, Denmark)		
		ID 182	Illness perception among people diagnosed with chronic kidney disease in primary health care. (Afra Maslá-Plana, Spain)			ID 60	Dialysis disequilibrium syndrome - case report. (Hrvolka Ljevic, Croatia)		
10:30-11:00	Networking coffee	Networking coffee	Networking coffee	Networking coffee	Networking coffee				
11:00-12:30	CES KDIGO	CKD prevention & Symptoms Management 2		NIPRO workshop	DOPPS	E-poster session			
		ID 83	Kidney supportive care is also for working aged adults with chronic kidney disease. (Ann Bonney, Australia)			ID 62	Through well-educated staff to the best quality of patient care. (Biljana Josifova, North Macedonia)		
		ID 110	Exploring cardiometabolic drugs and kidney function: insights from a drug-target mendelian randomization study. (Aristomo Andries, Norway)			ID 67	Promoting mental well-being among hemodialysis patients in crisis situations. (Ahiam Matanis, Israel)		
		ID 132	Impact of Continuous Nursing Surveillance on Diabetic Patients in a Hemodialysis population. (João Ferreira, Portugal)			ID 73	Patients' Perception of Care—important feedback to ensure continuous improvement. (Svetlana Cvetkova, North Macedonia)		
		ID 139	The COMFORT Nursing Programme. (Jeanette Funderup, Denmark)			ID 106	The prevalence of depression in dialysis nurses. (Gabriela Stanoevska, North Macedonia)		
		ID 150	Chronic kidney disease associated pruritus among hemodialysis patients in Switzerland. (Nancy Helou and Dina Nobre, Switzerland)			ID 107	Effectiveness of educating patients about handling bleed from arterio-venous fistula. (Zainab Moukalled, Lebanon)		
		ID 165	Trajectory patterns and factors predicting fatigue in Individuals receiving hemodialysis treatment. (Bincy Joshua, USA)			ID 109	New paradigms in nephrology nursing. (Andrea Pinto, Portugal)		
		ID 183	CENSUS-EU: prevalence and burden of chronic kidney disease-associated pruritus in Europe. (Despina Ruessmann, Switzerland)			ID 113	Nursing interventions to improve the outcome of hemodialysis. (Myrto Kreouzi, Greece)		
		ID 195	You can't judge a book by it's cover: let's look for fatigue. (Mania Paz Sorribes, Spain)			ID 114	Chronic peritoneal dialysis in children. (Hayfaa Krishban, Libya)		
12:30-14:00	Lunch Break	Lunch Break	Lunch Break	Lunch Break	Lunch Break				
		EDTNA/ERCA Accreditation of Renal Education Programs - come learn more! Chairs: John Sedgwick 12:45-13:45							

**SCIENTIFIC PROGRAMME**  
52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

**Monday, September 23rd, 2024**

Monday, September 23rd, 2024									
Pros & Cons Session		Peritoneal Dialysis		Vascular Access 2				E-poster session	
14:00-15:30	GS: Dr. Konstantinos Petsios & Dr. J. Tsolakoglou Pros & Cons of AI implementation in kidney care	ID 45	How do peritoneal dialysis patients experience quality of life, care and shared decision making. (Sanne Borremans, the Netherlands)	GS:		ID 116	Infection & Mortality in five private clinics Albania. (Arduela Zeka, Albania)		
		ID 127	What is quality in peritoneal dialysis nursing? Co-developing peritoneal dialysis nursing sensitive indicators. (Jessica Baillie, United Kingdom)	ID 72	Risks, impact and prevention of venous needle dislodgement: a scoping review. (Patricia Carvalho, Portugal)	ID 118	A Nursing Out-patient Dialysis Department for Ultrasound of pre-hemodialysis patients with AV-fistula. (Trine Marott, Denmark)		
		ID 157	Promoting physical activity in peritoneal dialysis: understanding provisions and best practice from around Europe. (Paul N Bennett, Denmark)	ID 76	Aneurysm regression using the MuST technique – case study. (Rafaela Rocha, Portugal)	ID 135	Enhancing patient well-being in dialysis by integrating Artificial Intelligence to address anxiety and depression. (Niké Frakes, Hungary)		
		ID 194	The relation of patient-reported burden of home Peritoneal Dialysis treatment. (Sotrioula Gliki, Cyprus)	ID 86	Blood flow in the vascular access and mortality in hemodialysis patients. (Ana Koroša, Slovenia)	ID 147	Facing aggressive behavior in the dialysis unit. (Kitty Dér, Hungary)		
		ID 210	Practice patterns in bowel program prior to PD catheter insertion in the Netherlands/Belgium (Tristan Mutters, the Netherlands)	ID 97	Operationalization a Decision-Making Model for Assessing Arteriovenous Fistula Maturation and choice of Cannulation Technique. (João Ferreira, Portugal)	ID 152	Intravenous antibiotics home treatment administered by the home care nurses. (Gitte Marie Erdmann, Denmark)		
		ID 88	The impact of sleep quality on psychosocial adjustment among peritoneal and hemodialysis patients- (Eirini Zorba, Greece)	ID 161	Endovascular arteriovenous fistula for haemodialysis access in clinical practice. (Veronika Hlaváčková, Czech Republic)	ID 204	Case study: recurrent fever of unknown origin in a hemodialysis patient. (Andrei Brailovski, Israel)		
						ID 205	Call me by my name. (Panagiota Tsikalá, Austria)		
15:30-16:00	Networking coffee	Networking coffee	Networking coffee	Networking coffee	Networking coffee	Networking coffee	Networking coffee		
HD 2		New technologies & Nutrition		Vascular Access 3				E-poster	
16:00-17:30	ID 108	The Effect of Vibration on Oxidative and Antioxidant Enzymes in Hemodialysis Patients with RLS. (Gülşay Turğay, Turkey)	ID 8	Problematic smartphone use among nephrology nurses. (Andrei Brailovski, Israel)	ID 180	Needle phobia and pain during cannulation of arteriovenous fistula in haemodialysis patients. (Zuzana Mončeková, Slovak Republic)	ID 185	Assessment of protein-energy malnutrition in patients undergoing chronic hemodialysis therapy. (Marina Miletic, Croatia)	
	ID 120	Fluid Management and Patient Education in Dialysis Patients: Enhancing Outcomes and Empowerment. (Elisabeth Kristiansen, Norway)	ID 39	Hemodialysis Machines Alarm Sounds: Nursing Personnel Perception and Expertise (Marcos Varela Abellón, Spain)	ID 186	Enhancing vascular access monitoring in dialysis: a nursing perspective on AI-assisted risk stratification. (Maria Teresa Quijada, Spain)	ID 191	AKI after cardiothoracic surgery. The role of cardio renal specialist nurse in CICU. (Chrysoula-Anthoula Panagiotou, Greece)	
	ID 130	Shared decision making and dialysis choice: An observational longitudinal cohort study. (Jeanette Funderup, Denmark)	ID 40	The impact of artificial intelligence in dialysis nursing: a revolution in patient care. (Alessandro Pizzo, Italy)	ID 187	Targeted ultrasound training: transforming vascular access in dialysis care. (Maria Teresa Ruiz, Spain)	ID 206	Knowledge regarding transplantation among healthcare professionals. (Anna Kłis, Poland)	
	ID 153	Home Dialysis Research Policy Forum (workshop) (English Session). (Sotrioula Gliki, Cyprus)	ID 17	Nutritional screening on a renal ward- the levels of completion and accuracy. (Deepa Kariyawasam, United Kingdom)	ID 192	Improving outcomes by developing cannulation pathway amongst patients dialysing through the percutaneous AVF (pAVF). (Ryan Villanueva, United Kingdom)	ID 212	Shared decision-making in the appropriate initiation of and withdrawal from dialysis. Clinical practice guideline. (Elisabeth Kristiansen, Norway)	
	ID 175	Are hemodialysis patients treated in community centers in a French region autonomous? (Sonia Guillouët, France)	ID 124	Dialysis adequacy and its relation to the nutritional status of hemodialysis patients (Evgenia Ntagka, Greece)	ID 207	Fistula or patient first (Panagiota Tsikalá, Austria)	ID 170	Study concerning the assessment of Dry Body Weight with the bioimpedance method. (Panagiota Giannakidou, Greece)	
	ID 177	Bioimpedance versus standard clinical assessment for fluid overload management in haemodialysis- A systematic review. (Sandhya Anilkumar, Ireland)	ID 158	Mediterranean diet in patients with advanced chronic kidney disease: ERCANUT randomized clinical trial (Marina Padial, Spain)			ID 173	Should we perform post-haemodialysis blood glucose levels? (Paul Bennett, Australia)	
	ID 179	New technology in home haemodialysis: perspectives of patients on benefits and barriers in education. (Anna Tyriková, Czech Republic)	ID 174	Nutrition support in home dialysis in France: intermediate results of the DESCALE survey. (Sonia Guillouët, France)			ID 103	Assessment of psychosocial adjustment to illness of patients undergoing hemodialysis and their family caregivers (Vasiliki Zoi, Greece)	
	ID 193	Patient-reported outcome measures (PROMs) implementation in Hemodialysis Patients. (João Barros, Portugal)					ID 4	Adverse health effects of environmental noise on dialysis patients' health. (Vasiliki Zoi, Greece)	

**SCIENTIFIC PROGRAMME**  
52nd EDTNA/ERCA INTERNATIONAL CONFERENCE

Tuesday, September 24th, 2024

		<i>Healthcare professionals' experience</i>
		GS: Dr. José Luis Cobo Sanchez
9:00-10:30	ID 18	Experience reflection of nephrology nurses with training on communicating sexual issues with dialysis patients. (Michaela Černá, Czech Republic)
	ID 20	Patient Violence and Aggression: Can "Low Arousal" reduce the prevalence and increase job satisfaction? (Nina Schjerning, Denmark)
	ID 159	What makes tutoring of on-boarding dialysis nurses more successful (personal experience) (Judit Koltai-Borbély, Hungary)
	ID 213	Adaptability and agility – ensuring continuity of care during the healthcare workforce crisis. (Viraj Chengadu, United Kingdom)
	ID 21	International maPPing exercise of Arts Interventions in reNal units: the PAINT project. (Trisha Forbes, Northern Ireland)
	ID 163	Role of the nurse in the care of children with hemolytic uremic syndrome. (Senka Besedic, Croatia)
10:30 -11:00		Networking coffee
		<i>Risk Management &amp; Quality Improvement</i>
11:00-12:30	ID 1	Immune responses of patients on CHD after infection by SARS-CoV-2: a prospective cohort study. (Vasiliki Zoi, Greece)
	ID 26	Healthcare-associated infections related to dialysis treatment. (Petra Krejzová, Czech Republic)
	ID 27	Approach to fall prevention among dialysis patients. (Kamila Fedorová, Czech Republic)
	ID 37	Falls prevention goes beyond the dialysis clinic. (Lisa Webb, Australia)
	ID 52	Implement electronic health record (EHR) at Scarborough Health Network regional hemodialysis program. (Erica Kang, Canada)
	ID 98	Effect of Guided Self-Determination on Treatment Adherence, Self-Efficacy, Quality of Life: Patients on Haemodialysis. (Füsün Uzgör, Turkey)
12:30-13:00		<i>Closing Ceremony</i>
