SCIENTIFIC PROGRAMME

SOME PRACTICALITIES

New structure of the Scientific Programme

This year a new structure and process of the Scientific Programme is introduced. We strongly believe, we add value to our Scientific Programme by adding oral and digital poster presentations to the parallel session.

THE STRUCTURE OF THE MIXED SESSION IS AS FOLLOWS:

- One Guest Speaker lecture (GS)- 20 minutes speech + 10 minutes of discussion
- Two oral presentations- 15 minutes each (10 minutes speech + 5 minutes questions)
- Four digital poster presentations- 5 minutes each + 5 minutes questions

SCIENTIFIC PRESENTATIONS ON THE WEBSITE

As usual, the scientific oral and poster presentations will be available for EDTNA/ERCA members after the Conference on the EDTNA/ERCA website www.edtna-erca.com/membership. The Guest speakers, main authors or presenters will be asked to give consent to the Conference Department in writing or by email by latest September 15.
